

### **RANA Accredited with Commendation**

**Winnipeg, MB** – July 27, 2018 – RANA Respiratory Care Group was honoured to be *Accredited with Commendation* by Accreditation Canada in July, 2018. Accreditation is an ongoing process of evaluating and recognizing how well a program or service meets established standards. Accreditation Canada’s program provides a roadmap for quality improvement to health and social service organizations through evidence-based standards, tools, resources and guidance.

Every four years, RANA undergoes a voluntary audit of its programs, processes and leadership by Accreditation Canada. “Going through the accreditation process is one of the many important steps we take as an organization to ensure our clients receive the care they require in a safe, secure manner and that our staff are appropriately supported to provide that care,” says Cory McArthur, President and CEO.

#### **About Accreditation Canada**

Accreditation Canada is a not-for-profit organization that is dedicated to working with patients, policy makers and the public to improve the quality of health and social services for all. It works to bring the best of health care from around the world home, and vice versa.

More than 1,000 health and social service organizations and 7,000 sites in Canada and around the world have been accredited by Accreditation Canada, leading to safer, quality health care for those who matter most: patients and their families.

#### **About RANA**

Over the past 30 years, RANA has established itself as one of western Canada's leading respiratory care providers, employing over 100 people across the prairie provinces. RANA focuses on creating innovative respiratory care programs that support sufferers of sleep-disordered breathing and respiratory disease. With RANA's focus on life-long care and support, clients experience a new standard of comfort, mobility and freedom.
