About Careica Health:

Careica Health has been providing unsurpassed sleep and respiratory care to thousands of Canadians for over 30 years. We started by pioneering on-site oxygen systems for hospitals and medical facilities. Since then, we've grown to one of Canada's leaders in respiratory care, with a variety of testing and treatment solutions for sleep apnea, snoring, poor sleep, insomnia, COPD, and more. We have 24 locations across western Canada.

Description:

The Physician, Sleep Specialist at Careica Health will fulfill all duties associated with a sleep medicine practice, including:

- **Interpret and Analyze Sleep Studies** – Review diagnostic sleep study results and provide detailed assessments to guide clinical decisions.
- **Consultation and Treatment Recommendations** – Provide expert consultations to referring physicians and recommend appropriate treatment plans, including CPAP therapy, oral appliances, or other therapeutic interventions.
- **Patient Education and Follow-Up** – Educate patients on sleep disorders, treatment options, and ongoing management to ensure adherence to prescribed therapies.
- **Collaborate with Multidisciplinary Teams** – Work closely with respiratory therapists, sleep technicians, and other healthcare providers to ensure integrated patient care.
- **Maintain Compliance with CPSM Standards** – Adhere to the College of Physicians and Surgeons of Manitoba (CPSM) regulations and standards of care in sleep medicine.

- **Participate in Quality Improvement Initiatives** – Contribute to continuous improvement efforts to enhance patient care and outcomes in sleep medicine services.

The Physician, Sleep Specialist must be on site to carry out the above duties.

Benefits: This is a Fee-For-Service position, which means you are not a Careica Health employee. Benefits are not available through Careica Health.
